## Is it important to feel proud of where you come from?

## In the news this week

The Times newspaper recently asked young people, aged between 18 and 27 (also known as 'Gen Z'), what they thought about their lives and life in the UK. The survey showed lots of views, including that 4 out of 10 young people are proud to be British, and around half feel that people in the UK are accepting and welcoming towards others.
